I. Introduction

1. At its 1st meeting, on 16 September 2009, the General Committee considered a memorandum by the Secretary-General relating to the organization of the sixty-fourth regular session and future sessions of the General Assembly, the adoption of the agenda and the allocation of items (A/BUR/64/1 and Corr.1). A summary of the discussions will appear in the summary records of the meetings (A/BUR/64/SR.1).

2. The General Committee took note of the provisions of the following resolutions, which are reflected in the present document under the relevant sections:

(a) Annex I (Guidelines on the Rationalization of the Agenda of the General Assembly) to resolution 48/264, entitled "Revitalization of the work of the General Assembly";

(b) The annex to resolution 51/241, entitled "Strengthening of the United Nations system";

(c) The annex to resolution 55/285, entitled "Revitalization of the General Assembly: improving the efficiency of the General Assembly";

(d) Resolution 57/301, entitled "Amendment to rule 1 of the rules of procedure of the General Assembly and opening date and duration of the general debate";

(e) Resolution 58/126, entitled "Revitalization of the work of the General Assembly";

(f) Resolution 58/316, entitled "Further measures for the revitalization of the work of the General Assembly";

(g) Resolution 59/313, entitled "A strengthened and revitalized General Assembly";

(h) Resolution 60/286, entitled "Revitalization of the General Assembly".

II. Organization of the session

A. General Committee

3. The General Committee took note of rule 40 of the rules of procedure and document A/56/1005 (annex, paras. 9 and 10) pertaining to the functions of the Committee.

4. The General Committee also took note of paragraph 5 of the annex to resolution 58/316 pertaining to the functions of the Committee, in particular subparagraphs (e) to (h), according to which the Committee shall continue to consider the further biennialization, triennialization, clustering and elimination of items of the customary agenda of the General Assembly; continue to schedule informal briefings on topical issues; recommend to the Assembly a programme of and format for interactive debates on the items on its agenda; and continue to consider ways and means to further improve its working methods to increase its efficiency and effectiveness in all aspects.

5. The General Committee further took note that, at the outset of each session, each Vice-President of the General Assembly should designate a liaison person for the duration of the session. This designation may be made by means of a letter to the President (resolution 55/285, annex, para. 20).

B. Rationalization of work

6. The General Committee took note of the following General Assembly resolutions relating to the rationalization of work, including the administrative and financial functioning of the Organization:

(a) Resolution 41/213, entitled "Review of the efficiency of the administrative and financial functioning of the United Nations";

(b) Resolution 48/264, entitled "Revitalization of the work of the General Assembly";

(c) Resolution 52/12 B, entitled "Renewing the United Nations: a programme for reform";

(d) Resolution 58/126, entitled "Revitalization of the work of the General Assembly";

(e) Resolution 58/316, entitled "Further measures for the revitalization of the work of the General Assembly";

(f) Resolution 59/313, entitled "A strengthened and revitalized General Assembly";

(g) Resolution 60/286, entitled "Revitalization of the General Assembly".

7. The General Committee also took note of paragraph 14 of the annex to resolution 55/285, which reads:

> 14. As regards implementation of paragraph 7 of the annex to resolution 51/241, the President of the General Assembly, after consideration by the Assembly of the report of the Secretary-General on the work of the Organization, shall inform the Assembly of his assessment of the debate on the report in order for the Assembly to determine the need for further action.

8. The General Committee draws to the attention of the General Assembly paragraph 3 of the annex to resolution 58/316, paragraphs 8 and 9 of resolution 59/313 and paragraphs 25 and 26 of the annex to resolution 60/286 pertaining to the practices and working methods of the Main Committees.

9. The General Committee also draws to the attention of the General Assembly that the Main Committees shall meet in substantive session only after the end of the general debate and that the First Committee and the Special Political and Decolonization Committee (Fourth Committee) shall not meet simultaneously and may consider meeting in a sequential manner during the regular session of the Assembly. This arrangement shall not apply if it affects their respective identities, programmes of work and effective consideration of their agendas (resolution 51/241, annex, paras. 31 and 36).

C. Closing date of the session

10. The General Committee recommends to the General Assembly that the sixty-fourth session of the Assembly recess on Tuesday, 15 December 2009, and close on Monday, 13 September 2010 (rules of procedure, rule 2 and annex IV, para. 4).

11. The General Committee also recommends to the General Assembly that, during the main part of the session, the First Committee complete its work by Tuesday, 3 November, the Special Political and Decolonization Committee (Fourth Committee) by Wednesday, 11 November, the Sixth Committee by Thursday, 12 November, the Second and Third Committees by Tuesday, 24 November, and the Fifth Committee by Friday, 11 December 2009.[1]

D. Schedule of meetings

12. The General Committee took note of the fact that, in view of financial constraints, meetings at Headquarters are not serviced beyond 6 p.m. or on weekends, with the exception of the plenary of the General Assembly and the Security Council. Consequently, meetings of the Main Committees during the sixty-fourth session, including informal meetings, should start promptly at 10 a.m. and be adjourned by 6 p.m. on weekdays. The General Committee also took note of resolution 59/313, in which the Assembly strongly urged all officers presiding over meetings of the Assembly to start such meetings on time.

13. The General Committee took note of paragraph 1 (b) of the annex to resolution 58/316, which reads:

> (b) With effect from the fifty-ninth session of the General Assembly, the meetings of the plenary Assembly shall normally be held on Mondays and Thursdays.

14. Furthermore, the General Committee took note of the fact that measures introduced to reduce costs relating to overtime will be strictly enforced.

15. The General Committee recommends to the General Assembly that, in accordance with past practice, it waive the requirement that at least one third of the members of the Assembly in the case of plenary meetings and one quarter of the members of a Main Committee in the case of Main Committee meetings be present in order to declare a meeting open and to permit the debate to proceed. This recommendation is made on the understanding that such a waiver would not imply any permanent change in the provisions of rules 67 and 108 of the rules of procedure and that the requirement of the presence of a majority of the members for any decision to be taken would be maintained.

E. General debate

16. The General Committee draws to the attention of the General Assembly that, pursuant to resolution 57/301 and decision 63/553, the general debate for the sixty-fourth session shall begin at 9 a.m. on Wednesday, 23 September, and shall be held

[1] A mandatory deadline, not later than 1 December, should be established for the submission to the Fifth Committee of all draft resolutions with financial implications (see para. 37).

from 23 September to Saturday, 26 September, and from Monday, 28 September, to Wednesday, 30 September 2009, and that these arrangements shall in no way create a precedent for future sessions. The General Committee also brings to the attention of the Assembly that the list of speakers for each day shall be completed and no speakers will be transferred to the next day, notwithstanding the implications for hours of work. Furthermore, there shall be no time limits for the general debate, but the Assembly will indicate a voluntary guideline of up to 15 minutes for each statement.

17. The General Committee also brings to the attention of the General Assembly that, pursuant to paragraph 7 of the annex to resolution 58/126, the theme "Effective responses to global crises: strengthening multilateralism and dialogue among civilizations for international peace, security an development" has been proposed for the general debate at the sixty-fourth session.

F. Conduct of the meetings, length of statements, explanations of vote, right of reply, points of order and concluding statements

18. The General Committee draws the attention of the General Assembly to the relevant rules of procedure regarding the conduct of meetings, namely, rules 35, 68, 72, 73, 99 (b), 106, 109, 114 and 115.

19. The General Committee also draws to the attention of the General Assembly that explanations of vote should be limited to 10 minutes; that, when the same draft resolution is considered in a Main Committee and in plenary meeting, a delegation should, as far as possible, explain its vote only once, either in the Committee or in plenary meeting, unless that delegation's vote in plenary meeting is different from its vote in the Committee; and that delegations should exercise their right of reply at the end of the day whenever two meetings have been scheduled for that day and whenever such meetings are devoted to the consideration of the same item (decision 34/401, paras. 6-8 (A/520/Rev.17, annex V)).

20. The General Committee recommends to the General Assembly that points of order be limited to five minutes.

21. With a view to streamlining the procedures of the General Assembly and as another cost-saving measure, the General Committee recommends to the Assembly that it review the recommendations contained in paragraph 22 of the annex to resolution 51/241 and paragraph 23 of document A/52/855 regarding the length of statements.

22. The General Committee also recommends to the General Assembly that, in order to save time at the end of the session, the practice of making concluding statements in the Assembly and its Main Committees should be dispensed with except for statements by the presiding officers (decision 34/401, para. 17 (A/520/Rev.17, annex V)).

23. The General Committee draws to the attention of the General Assembly resolution 59/313, in which the Assembly invited Member States that are aligned with statements already made by the chair of a group of Member States, where possible, to focus additional interventions that they make in their national capacity on points that have not already been adequately addressed in the statements of the

group in question, bearing in mind the sovereign right of each Member State to express its national position.

G. Records of meetings

24. The General Committee took note of the fact that, as at past sessions, during the sixty-fourth session verbatim records will continue to be provided for the plenary meetings of the General Assembly and the meetings of the First Committee, and summary records will be provided for the other Main Committees and the General Committee of the Assembly.

25. Furthermore, the General Committee draws to the attention of the General Assembly that the practice of reproducing statements in extenso as separate documents has been discontinued for all its subsidiary organs that are entitled to summary records and that any exceptions to this rule may be made by the body concerned only if the statements are to serve as bases for discussion and if, after hearing a statement of the relevant financial implications, the body decides that one or more statements in extenso may be included in the summary record, or reproduced as separate documents or as annexes to authorized documents (resolution 38/32 E, paras. 8 and 9).

26. The General Committee recommends to the General Assembly that the practice of not reproducing in extenso statements made in a Main Committee should be maintained for the sixty-fourth session.

H. Resolutions

27. The General Committee brings to the attention of the General Assembly that:

- Whenever possible, resolutions requesting the discussion of a question at a subsequent session should not call for the inclusion of a separate new item and such discussion should be held under the item under which the resolution was adopted (decision 34/401, para. 32 (A/520/Rev.17, annex V)).
- Efforts should be made to reduce the number of resolutions adopted by the General Assembly. Resolutions should request reports of the Secretary-General only in cases where that would be indispensable for facilitating the implementation of those resolutions or the continued examination of the question.[2]
- In order to ensure that resolutions have greater political impact, they should be short, in particular as regards the preambular parts, and should focus more on action-oriented operative paragraphs (resolution 57/270 B, para. 69).
- Whenever possible, for the adoption by the General Assembly of agreed texts of resolutions and decisions, informal consultations should be carried out with the widest possible participation of Member States (resolution 45/45, annex, para. 1 (A/520/Rev.17, annex VII, para. 1)).

---

[2] *Official Records of the General Assembly, Forty-first Session, Supplement No. 49* (A/41/49), para. 21, recommendation 3 (f).

- The terms "takes note of" and "notes" are neutral terms that constitute neither approval nor disapproval (decision 55/488, annex).

28. The General Committee noted and decided to bring to the attention of the General Assembly that the Secretary-General encourages Member States to transmit all draft resolutions and decisions in electronic form as well as on paper; further encourages Member States to clearly indicate changes to previous resolutions in track-changes format, using the previous resolutions as the base text; and wishes to inform the Member States that the submitters are responsible for ensuring that the electronic and paper versions of the draft resolutions and decisions are identical in content.

29. The General Committee also draws the attention of the General Assembly to rule 78 of the rules of procedure concerning discussions of and action by the Assembly on proposals. To ensure that copies of proposals may be circulated not later than the day preceding the meeting at which they will be considered, proposals should be submitted well in advance of the meeting.

I. Documentation

30. The General Committee draws to the attention of the General Assembly that the Assembly, including its Main Committees, should merely take note of those reports of the Secretary-General or subsidiary organs that do not require a decision by the Assembly and should neither debate nor adopt resolutions on them, unless specifically requested to do so by the Secretary-General or the organ concerned (decision 34/401, para. 28 (A/520/Rev.17, annex V)).

31. The General Committee also draws the attention of the General Assembly to section III of resolution 57/283 B regarding the timely issuance of documents in the six official languages of the Assembly. The General Committee further draws the attention of the Assembly to resolution 59/313, in which the Assembly requested the Secretary-General to ensure that documentation and reports are issued well in advance, in keeping with the six-week rule for the issuance of official documentation simultaneously in all official languages.

32. The General Committee draws the attention of the General Assembly to resolutions 48/264 and 55/285, in which the Assembly emphasized that restraint should be exercised in making requests for new reports and requested more integrated reports, and to resolution 57/270 B, in which it recognized the need to avoid requesting duplicative reports from the Secretary-General.

33. The General Committee also draws to the attention of the General Assembly that:

- Resolutions should contain requests for observations from States or reports by the Secretary-General insofar as they are likely to facilitate the implementation of the resolutions or the continued examination of the question (resolution 45/45, annex, para. 10 (A/520/Rev.17, annex VII, para. 10)).
- Member States and entities of the United Nations system should make a serious effort to submit their replies and inputs to requests for information or views pursuant to resolutions of the General Assembly within the prescribed deadlines (resolution 55/285, annex, para. 17).

- Member States, when seeking additional information, are encouraged to request that they be provided with the information either orally or, if in writing, in the form of information sheets, annexes, tables and the like (resolution 59/313, para. 17).

34. The General Committee further draws the attention of the General Assembly to paragraph 6 of the annex to resolution 58/316, paragraphs 16 to 19 of resolution 59/313 and paragraph 29 of resolution 60/286 concerning documentation.

J. Questions relating to the programme budget

35. The General Committee draws the attention of the General Assembly to rule 153 of the rules of procedure, which reads:

> No resolution involving expenditure shall be recommended by a committee for approval by the General Assembly unless it is accompanied by an estimate of expenditures prepared by the Secretary-General. No resolution in respect of which expenditures are anticipated by the Secretary-General shall be voted by the General Assembly until the Administrative and Budgetary Committee (Fifth Committee) has had an opportunity of stating the effect of the proposal upon the budget estimates of the United Nations.

36. With regard to rule 153 of the rules of procedure and paragraph 13 (d) of decision 34/401, which requires a minimum period of 48 hours before action is taken on a proposal so as to allow the Secretary-General to prepare the programme budget implications of drafts before the General Assembly, the General Committee draws the attention of the Assembly to the fact that, in most cases, more than 48 hours are required for the Secretary-General to review the programme budget implications of proposals before the Assembly.

37. The General Committee also draws the attention of the General Assembly to paragraphs 12 and 13 of its decision 34/401 (A/520/Rev.17, annex V), which read:

> 12. It is imperative that Main Committees should allow sufficient time for the preparation of the estimate of expenditures by the Secretariat and for its consideration by the Advisory Committee on Administrative and Budgetary Questions and the Fifth Committee and that they should take this requirement into account when they adopt their programme of work.
>
> 13. Furthermore:
>
> (a) A mandatory deadline, not later than 1 December, should be established for the submission to the Fifth Committee of all draft resolutions with financial implications;
>
> (b) The Fifth Committee should, as a general practice, consider accepting without debate the recommendations of the Advisory Committee on Administrative and Budgetary Questions on the financial implications of draft resolutions up to a prescribed limit, namely, $25,000 on any one item;
>
> (c) Firm deadlines should be set for the early submission of the reports of subsidiary organs which require consideration by the Fifth Committee;
>
> (d) A minimum period of forty-eight hours should be allowed between the submission and the voting of a proposal involving expenditure in order to

allow the Secretary-General to prepare and present the related statement of administrative and financial implications.

38. The General Committee further draws the attention of the General Assembly to regulation 5.9 of the Regulations and Rules Governing Programme Planning, the Programme Aspects of the Budget, the Monitoring of Implementation and the Methods of Evaluation (ST/SGB/2000/8; first adopted in resolution 37/234, annex; the Rules in the present revised edition are issued pursuant to Assembly resolutions 53/207 and 54/236 and its decision 54/474). Regulation 5.9 reads:

> No council, commission or other competent body shall take a decision involving either a change in the programme budget approved by the General Assembly or the possible requirement of expenditure unless it has received and taken account of a report from the Secretary-General on the programme budget implications of the proposal.

39. Furthermore, the General Committee draws the attention of the General Assembly to paragraph 6 of its resolution 35/10 A, which reads:

> 6. *Decides* that all proposals affecting the schedule of conferences and meetings made at sessions of the General Assembly shall be reviewed by the Committee on Conferences when administrative implications are being considered under the requirements of rule 153 of the rules of procedure of the Assembly.

40. The General Committee also draws the attention of the General Assembly to section VI of its resolution 45/248 B on procedures for administrative and budgetary matters, which states that the Assembly:

> 1. *Reaffirms* that the Fifth Committee is the appropriate Main Committee of the General Assembly entrusted with responsibilities for administrative and budgetary matters;
>
> 2. *Reaffirms also* the role of the Advisory Committee on Administrative and Budgetary Questions;
>
> 3. *Expresses its concern* at the tendency of its substantive Committees and other intergovernmental bodies to involve themselves in administrative and budgetary matters;
>
> 4. *Invites* the Secretary-General to provide all intergovernmental bodies with the required information regarding procedures for administrative and budgetary matters.

41. The General Committee further draws the attention of the General Assembly to the views expressed by the Advisory Committee on Administrative and Budgetary Questions[3] on the use of the phrase "within available resources" and its emphasis on the responsibility of the Secretariat to inform the Assembly thoroughly and accurately about whether there are enough resources to implement a new activity.

[3] Ibid., *Fifty-fourth Session, Supplement No. 7* (A/54/7).

K. Observances and commemorative meetings

42. Considering past practice, the General Committee recommends to the General Assembly that it adopt a format for commemorative meetings that includes statements by the President of the General Assembly, the Secretary-General, the chairmen of the five regional groups and the representative of the host country.

L. Special conferences

43. The General Committee draws the attention of the General Assembly to the following:

- The Committee on Conferences recommended that the General Assembly instruct the Main Committees to review the number of special conferences of the United Nations already proposed and scheduled in their respective fields of activity prior to deciding upon the scheduling of new and additional special conferences, thus bearing in mind the relevant portions of Assembly resolution 33/55 (recommendation 6 of the Committee on Conferences,[4] adopted by the Assembly in decision 34/405, subpara. (b)).
- The decision of the General Assembly that no more than five special conferences should take place in a given year and that no more than one special conference should be convened at the same time should be strictly implemented.[5]
- The existing principle that United Nations bodies should meet at their respective established headquarters, as provided for in General Assembly resolution 40/243, should be strictly enforced. Whenever the Assembly accepts an invitation from the Government of a Member State to hold a conference or meeting away from established headquarters, the additional cost should be borne in full by that Government. The methods of budgeting these costs should be improved so as to ensure that all additional costs are accounted for.[6]

III. Adoption of the agenda

44. The General Committee considered the draft agenda of the sixty-fourth session submitted by the Secretary-General in his memorandum (A/BUR/64/1 and Corr.1). All proposals for the inclusion of items in the agenda of the sixty-fourth session have been communicated to Member States in the following documents:

(a) Provisional agenda of the sixty-fourth regular session (A/64/150 and Corr.1);

(b) Supplementary list of items proposed for inclusion in the agenda of the sixty-fourth session (A/64/200).

45. The items proposed for inclusion are listed in the agenda, which appears in paragraph 61 below.

[5] Ibid., *Forty-first Session, Supplement No. 49* (A/41/49), para. 21, recommendation 2 (d).

[6] Ibid., recommendation 4.

46. In paragraph 2 (a) of the annex to resolution 58/316, the General Assembly decided, inter alia, that the agenda of the Assembly should be organized under headings corresponding to the priorities of the Organization, as contained in every medium-term plan or in the strategic framework, as appropriate, with an additional heading for "Organizational, administrative and other matters", for the purpose of giving a sense of structure to the work of the Assembly. Since the fifty-ninth session, the agenda of the Assembly has been structured accordingly.

47. The General Committee took note of the relevant resolutions pertaining to the review of the agenda, namely, annex I to resolution 48/264, the annex to resolution 51/241, the annex to resolution 55/285, paragraphs 2 and 4 of the annex to resolution 58/316, and paragraph 60 of resolution 57/270 B, in which the General Assembly stated that the General Committee should ensure better coordination of the agendas of the Second and Third Committees.

48. Bearing in mind the extremely heavy workload of the General Assembly and the need to make the most effective use of scarce resources, the General Committee took note of the suggestion by the Secretary-General to consider deferring to a later session items for which decisions or action are not required at the current session (resolution 51/241, annex, paras. 23-26).

49. The General Committee took note of decision 49/426 of 9 December 1994, whereby the General Assembly decided that the granting of observer status in the Assembly should in the future be confined to States and to those intergovernmental organizations whose activities covered matters of interest to the Assembly.

50. In connection with item 19 of the draft agenda (Question of the Comorian island of Mayotte), the General Committee decided to postpone to a later date its consideration of the question of the inclusion of this item.

51. In connection with item 41 of the draft agenda (Question of the Malagasy islands of Glorieuses, Juan de Nova, Europa and Bassas da India), the General Committee decided to recommend that consideration of this item be deferred to the sixty-fifth session of the General Assembly and that the item be included in the provisional agenda of that session.

52. With regard to item 62 of the draft agenda (Agriculture development and food security), the General Committee decided to recommend its inclusion under heading B (Promotion of sustained economic growth and sustainable development in accordance with the relevant resolutions of the General Assembly and recent United Nations conferences).

53. With regard to item 123 of the draft agenda (Global health and foreign policy), the General Committee decided to recommend its inclusion under heading I (Organizational, administrative and other matters).

54. With regard to item 160 of the draft agenda (Cooperation between the United Nations and the Shanghai Cooperation Organization), the General Committee decided to recommend its inclusion under heading I (Organizational, administrative and other matters).

55. With regard to item 161 of the draft agenda (Observer status for the International Humanitarian Fact-Finding Commission in the General Assembly), the General Committee decided to recommend its inclusion under heading I (Organizational, administrative and other matters).

56. With regard to item 162 of the draft agenda (Observer status for the Global Fund to Fight AIDS, Tuberculosis and Malaria in the General Assembly), the General Committee decided to recommend its inclusion under heading I (Organizational, administrative and other matters).

57. With regard to item 163 of the draft agenda (Observer status for the International Olympic Committee in the General Assembly), the General Committee decided to recommend its inclusion under heading I (Organization, administrative and other matters).

58. With regard to item 164 of the draft agenda (Cooperation between the United Nations and the Collective Security Treaty Organization), the General Committee decided to recommend its inclusion under heading I (Organizational, administrative and other matters).

59. With regard to item 165 of the draft agenda (Sixty-fifth anniversary of the end of the Second World War), the General Committee decided to recommend its inclusion under heading I (Organizational, administrative and other matters).

60. With regard to item 166 of the draft agenda (Observer status for the International Conference on the Great Lakes Region of Africa in the General Assembly), the General Committee decided to recommend its inclusion under heading I (Organizational, administrative and other matters).

61. Taking into account paragraphs 46 to 60 above, the General Committee recommends to the General Assembly the adoption of the following agenda:
